

2025 RACER PIT PARKING APPLICATION & POLICIES

New England Dragway racers may leave their race vehicle inside the facility during the week under the following provisions outlined below. Failure to comply with these provisions may result in the vehicle being towed from the facility at the owner's expense, loss of parking privileges, and other disciplinary actions deemed appropriate by track officials.

General Pit Parking is \$25. This fee can be paid online or through the office/credentials. If you have any questions about the amount you need to pay, please contact us before making a payment.

Please Respect The Following Rules:

1. All RV's, race vehicles, or trailers that will remain on the property in a reserved spot must be parked in the upper pit area in the spot that they are assigned. Those without a reserved spot must move all equipment up past the scale buildings & storage containers when not racing.
2. All trailers will be parked at least 25 feet away from the pro car asphalt area. ***In general, no vehicle may be left on any paved lower pit area, or in the fenced in grass area commonly known as the car show area during the week.***
3. The competition number of the vehicle as well as a Pit Parking Permit must be clearly displayed on any trailer or vehicle left inside the facility. Pit Parking Permit must be displayed on the backside of the equipment being left on the property.
4. No vehicle may be left on New England Dragway property unless a Pit Parking Application & Policies Form has been signed and is on file for the current season, and the Pit Parking Permit is correctly affixed to the equipment as previously stated. This provision includes but is not limited to race cars, trailers, RV's, two or three or four-wheeled pit/tow vehicles, and golf carts. No chairs, couches, tables, etc. are allowed to be left on the property unless it is secured inside an enclosed trailer and must not be visible Monday through Friday.
5. The saving of pit spaces is not permitted. All pit parking is on a first come, first served basis. If, in the opinion of New England Dragway officials a vehicle is occupying more than a reasonable amount of pit space for their vehicle, they may require that vehicle to be relocated.
6. At the conclusion of the race season all vehicles must be removed from the property no later than the last scheduled race day on **October 31, 2025**. New England Dragway, Inc. accepts no responsibility for the security or safekeeping of any vehicle, or personal property left on its property.
7. **Due to continued hardships regarding personal property left on NED grounds all individuals will now be required to pay a \$25 fee, as well as acquire and display a parking pass, prior to parking. Please check with an NED official before parking, especially if you are unsure of where to park.** Initials: _____
